

## H2020: Health - Co-ordination Activities

Included within Health, demographic change and wellbeing Work Programme, Co-ordination Activities are intended to support already existing initiatives and to foster the creation of new synergies within healthcare stakeholders, like ERA-NETs. These networks have the objective to address, with a broader perspective, health and research challenges along with societal and demographic changes that have been identified by the European Commission as key work priorities for 2014 and 2015.
