

Boehringer PhD Fellowships-June

PhD Fellowships

The Boehringer Ingelheim Fonds awards PhD fellowships to outstanding junior scientists (max. age: 27 years) who wish to pursue an ambitious PhD project of approximately 3 years in basic biomedical research in an internationally leading laboratory. For further details please refer to "Who can apply?". The peer-review-based selection process is highly competitive. Applicants should therefore be outstanding in all three selection criteria.

Purpose

To promote basic research in biomedicine by providing the best young, up-and-coming scientists with comprehensive support during their PhD phase.

More than a monthly stipend

The fellowship comprises a competitive monthly stipend that is initially granted for 2 years and that can be extended for up to another 12 months. Participation in international scientific conferences is also supported. In addition, fellowship holders are offered personal support, seminars to discuss their projects, communication training and alumni meetings, and thus can become part of a worldwide network. Read more under personal support and conditions.

Timing and selection

Deadlines of application: 1st. June. Pre-selection takes place about 4 weeks after the respective deadline, and the final selection approximately 5 months after the respective deadline. Read more about the selection process and its criteria.
