

Melanoma Research Alliance - Established Investigator

The Melanoma Research Alliance (MRA) announces a Request for Proposals (RFP) soliciting high-impact pre-clinical, translational, and early clinical research from scientists and clinicians around the world. The RFP calls for ideas that have the potential to lead to near-term clinical application in melanoma prevention, detection, diagnosis, staging, and treatment.

Proposals will be accepted for Established Investigator Awards, Pilot Awards, and Young Investigator Awards. Please note that the following Special Opportunities are available:

- Special Opportunity MRA Young Investigator and MRA Established Investigator Awards for Artificial Intelligence Applied to Melanoma
- Special Opportunity MRA Young Investigator Award and Established Investigator Award in Dermatology
- Special Opportunity Young Investigator Awards in Immunotherapy
- Special Opportunity ASTRO-MRA Early Career Investigator Award in Radiation Oncology
- Special Opportunity SITC-MRA Young Investigator Award in Immune-Related Adverse Events Associated with Immunotherapy

November 2, 2018: Deadline for all Established Investigator, Pilot, and Young Investigator Award full proposal applications.

November 9, 2018: Deadline for ASTRO-MRA Early Career Investigator full proposal applications.
